

TRANSPORT SHIELD™

DESTROYS CORONAVIRUSES

**TRANSPORT
SHIELD™**
Keeping You Safe

TRANSPORT SHIELD™ Not just another spray - This is a highly effective single release vehicle and transport treatment.

- Simple single click operation, one click enables you to activate a specialist valve and nozzle which disperse the contents in the form of a mist, essentially fogging the vehicle.
- **TRANSPORT SHIELD™** This product is complete with a child safe locking cap for additional peace of mind.
- **TRANSPORT SHIELD™** contains considerably more than 61% Ethanol, the minimum recommendation by the British Government to kill Coronavirus within minutes.
- **TRANSPORT SHIELD™** eliminates Coronaviruses and sanitises all upholstery and surfaces - including door handles & switches.
- **TRANSPORT SHIELD™** saves time and cost on your sanitising and decontamination procedures.
- **TRANSPORT SHIELD™** Instantly reduces the potential for widespread contamination in vehicles and regularly used transport environments.

Kills 99.9% of Bacteria & Viruses

TRANSPORT SHIELD™ IS EFFECTIVE AGAINST BACTERIA, VIRUSES & MOULD SPORES

HOW DOES TRANSPORT SHIELD™ WORK?

TRANSPORT SHIELD™ is a highly effective, powerful broad-spectrum germicide. The product is a highly effective all-surface sanitiser.

TRANSPORT SHIELD™ allows you to rapidly and effectively sanitise an entire average size vehicle with just the push of a button.

A propellant inside the can sends out a fine citrus fragranced mist of powerful, disinfecting active ingredients that disperse throughout the vehicle.

The **TRANSPORT SHIELD™** fine mist gets to work on contact with every surface, eliminating a wide range of germs, including bacteria, yeasts and fungi that can be the cause of bad odours.

TRANSPORT SHIELD™ Is highly effective in killing all Coronaviruses and other harmful micro-organisms.

MANUFACTURED IN THE UK

Tested To

BS EN 1276 - BS EN 14476 - BS EN 16777

BS EN 1650 - BS EN 13697

DIRECTIONS FOR USE

PREPARE...

Close all doors and windows.

Extinguish any naked flames.

Remove all people and pets from the vehicle.

PRESS...

Place can in upright position in the footwell of the vehicle.

Vehicle engine must be running and air conditioning or ventilation system switched on.

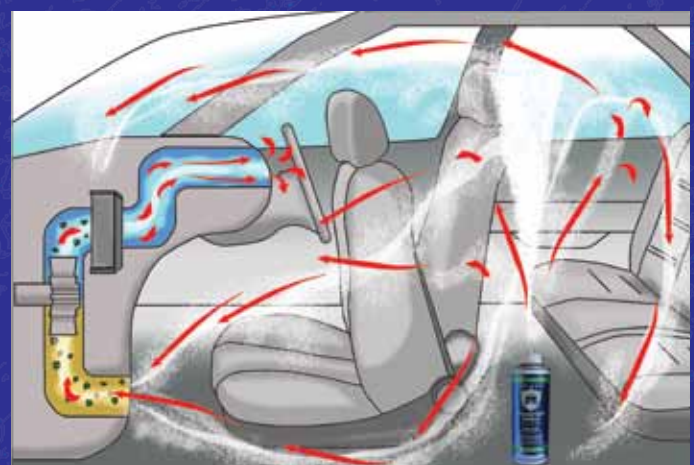

Depress the button on the top of the can until it clicks into a locked down position.

EXIT...

Leave the vehicle immediately close door behind you. Can will now fully empty and fog the vehicle.

Leave for 15 minutes to allow the product to fully disperse.

On re-entry open all doors and windows allowing another 15 minutes for the vehicle to clear.

**15 Mins to Disperse
15 Mins to Clear**
